JR. SOFTWARE ENGINEER

Highly motivated Junior Software Engineer with a strong foundation in computer science principles and a keen interest in automation. Proficient in scripting languages and automation tools, with hands-on experience in developing, testing, and maintaining automated systems. Adept at working in fast-paced environments and collaborating with cross-functional teams to deliver efficient and scalable solutions.

SKILLS

Python	HTML 5	Java
Flask	CSS 3	SQLite
Postgre SQL	JavaScript	Git

PROFESSIONAL EXPERIENCE

DENSO Techno Philippines Inc.

Feb 2023 - Present

Jr. Software Engineer

Part of a collaborative team focused on enhancing the company's overall productivity, driving cost-saving initiatives, and fostering innovation. Actively contributes to various internal projects, taking on a diverse range of responsibilities, including conducting detailed requirement analysis, designing and architecting robust systems, developing efficient code, performing thorough testing and debugging, and providing ongoing maintenance and support to ensure the long-term success and stability of the systems. Contributions are integral to ensuring the seamless execution and continuous improvement of the company's technology solutions.

Melham Construction Corporation

Feb 2022 - May 2022

Web Designer Intern

Assisted in creating the front-end design for a project management website, focusing on making it easy to use and visually appealing. Worked with the team to turn project needs into functional website features, following design guidelines and deadlines. Used HTML, CSS, and JavaScript to build interactive elements and ensured the website worked smoothly across different browsers.

EDUCATION

Bachelor of Science in Information Technology

Romblon State University - Main Campus
2018-2022
